associação educativa e recreativa sem fins lucrativos

## **COVID 19 contingency measures in day or residential PND Summer Camps: Entry requirements**

In compliance with the guidelines of the Portuguese Health General Directorate, and having present the Contingency Plan implemented in this association and its **procedures for covid-19 protection for day or residential summer camps** (to access to this document please send us an email: [info@projectonovasdescobertas.org](mailto:info@projectonovasdescobertas.org)), we inform you about the main measures adopted to receive your children in safety and balance:

- a) We reduced summer camps capacity to 50%
- b) Existence of mandatory requirements when entering ATL: **“KIT SAFE CHILD”**
- c) Mandatory personal procedures for all participants and staff of *Hand Hygiene, Respiratory Etiquette, Social Conduct and Body Temperature Measurement*
- d) Use of Personal Protective Equipment (masks, gloves) in closed spaces.
- e) Sanitation | periodic disinfection of spaces | materials (several times a day and with specific teams)
- f) Constant opening of doors and windows and ventilation of closed spaces
- g) Dynamics, games and activities almost exclusively in the open air, with reduced possibility of touch or physical interaction - expressions of affection and interaction of play creatively at a distance.
- h) Meals whenever possible will be outdoors and with distance measures.
- i) Communication with parents whenever possible through digital media.

\*\*\*

### **Entry requirements for day or residential PND 2020 summer camps: When entering the camps, the participant must bring:**

- a) Personal kit **“Safe Child”** (contained in a cloth bag with your name) with the following content:
  - 1. **Recyclable facial masks** (at least 15);
  - 2. **Reusable facial masks** (at least two, marked with the name);
  - 3. **Personal bottle of 70% alcohol** solution or gel alcohol (indicated with the name)
  - 4. 15 pairs of **disposable rubber gloves**;
  - 5. **Tissue paper** for single use (at least 3 packages).
- b) **Statement in honor of the guardian** that the participant did not show symptoms of fever, constipation or other suspects in Covid-19 in the last 15 days.

### **ACCOMMODATION | Camping tent (applies only to residential camps):**

For your child to be EVEN MORE protected it is indicated to bring **OWN TENT**, or if you come with a trusted friend or family, bring a tent for both. Maximum of two participants per tent (family or family trust) and in general cases we will practice one child per tent.
